"Feeling CARED in School: A Journey Around the World"

School/class: ... 7th 2nd Junior High School of Athens, A/3

Teacher: ... Theodora Kasapi

School psychologist: ... John Karamouzis

City/Country: ... Athens, Greece

Feeling ... In my class/school...

Connected - How are we connected to our class/school?

Our friends support us and take care of us in the

school setting. We have common interests and enjoy the company of each other. They listen to us and we have strong bonds. Furthermore, we gain new experiences by participating in sports, in excursions and

Accepted

What is it in our class/school that makes us feel safe and fosters

Respected

respect and acceptance by accounting for our different needs?

Our friends and teachers support and accept us just the way we are. They don't judge us and they help us whenever problems arise. We embrace diversity and we don't exclude students due to their culture, - race, religion or sexual orientation.

Empowered - What are our strengths as a class/school?

We became a team when problems arise. We

have strong bonds, care for each other and offer our help when needed.

Discovering our strengths - How does the class/school contribute to identifying and

developing our strengths? Our teachers' priority is to help us

gain our confidence by participating and by making the lesson a funny procedure through technology.

They foster us to work in groups, cooperate and in this way we discover our hidden strengths and talents for drawing, singing and making collages.
